Program to print the following series by using 'do-while loop'

1	4	9	16	25

```c
#include<stdio.h>
#include<conio.h>
main()
{
    int i;
    i=1;
    do
    {
    printf("%d",i*i);
    i++;
    }while(i<=5);
    getch();
    }
```
