Write a program to print no's in the shape of primed

```
        1
       212
      32123
     4321234
    543212345
```

```java
class buzz
{
        public static void main(String[] args)
        {
                for(int m=1 ; m <=5 ; m++)
                {
                        for (int r=4; r>=m; r--)
                        {
                                System.out.print (" ");
                        }
                        for (int c=m; c>=1 ; c--)
                        {
                        System.out.print (c);
                        }
                for (int i=2; i<=m; i++)
                {
                System.out.print (i);
                }
        System.out.println ();
        }
}
}
```

```
C:\WINDOWS\system32\cmd.exe

Y:\java>javac buzz.java

Y:\java>java buzz
        1
      212
    32123
  4321234
543212345

Y:\java>_
```
