

Program to display the words of a string in separate lines.

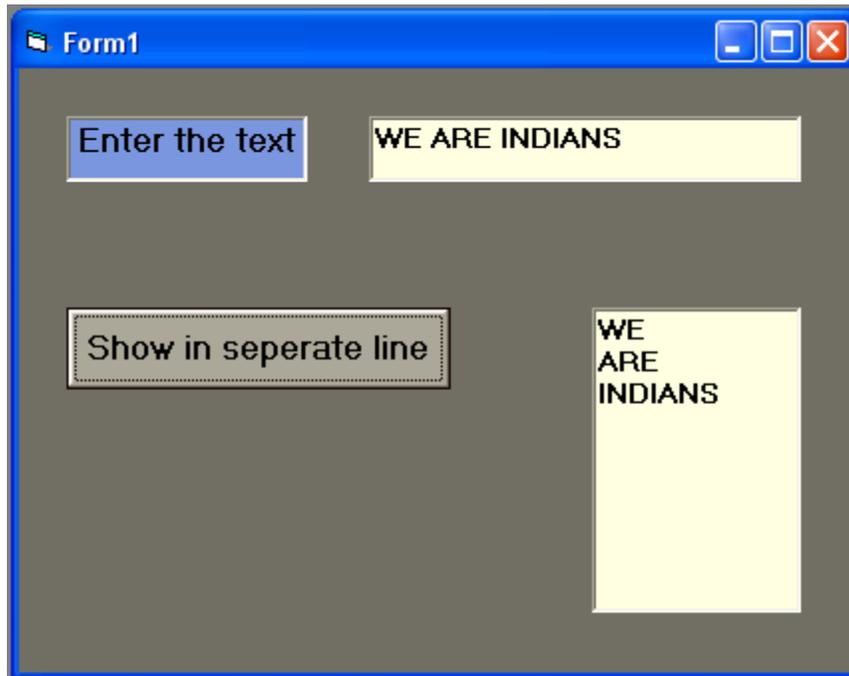

FORM

CODING

```
Private Sub Command1_Click()  
Dim b As String  
Dim x As Integer  
x = Len(Text1.Text)  
For i = 1 To x  
b = Mid(Text1.Text, i, 1)  
If b <> " " Then  
Text2.Text = Text2.Text + b  
Else  
Text2.Text = Text2.Text + vbCrLf  
End If  
Next i  
End Sub
```
